Serviceability and Speed

The Home Wireless Broadband service uses the Optus 4G Plus network. Coverage availability varies depending on your device and location. You can access the Optus 4G Plus network with a 4G device and a compatible plan in capital cities and hundreds of metro and regional towns in Australia. There may also be technical or commercial reasons that affect your ability to access the service at your address. The service cannot be used overseas. To check your serviceability visit optus.com.au/homewireless. There is a limit of 2 services per customer.

Whilst the Home Wireless Broadband service uses our 4G network, it is designed to be used in the home and its data speeds are different to mobile and mobile broadband speeds on our 4G network. In metropolitan areas where there is 2300 MHz coverage at your nominated address, download and upload speeds of up to 12/1Mbps are available. If 2300 MHz coverage is not available at your nominated address, download and upload speeds of up to 5/1 Mbps are available.

Your actual speed will depend on a number of factors including congestion, location, local conditions, hardware, software and general internet traffic.

Bundling arrangements

You don't need to bundle this plan with any other Optus service. However, you might be able to get additional discounts if you have another Optus Service.

\$20 Bundle Discount

If you also have a postpaid mobile service, you'll receive one \$20 monthly discount on your bill. If you become ineligible for the discount,

it will be removed without notice. Not available in conjunction with any other bundle discount offer. For existing customers any existing bundle discounts will be removed when taking up this offer. The bundled mobile and home wireless broadband services must be at the same billing address in the same name.

Equipment Needs

You need a compatible modem fitted with a 4G SIM to use this service. Optus will supply the modem and SIM. You can pay for the modem upfront in the first month on a month to month plan, in 12 monthly repayments on a 12 month contract or at no additional cost on a 24 month contract. The SIM supplied with the modem must not be removed from the modem and will not work in any other device.

Special Promotions and Bolt-ons

This summary excludes any special promotions or extra value added services (bolt-ons) that may be associated with your plan or added by you after your contract commences.

Fair Go policy

The purpose of our Fair Go Policy is to ensure that all our customers can access our services, and do not use our services in a manner that we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. The Fair Go Policy also sets out your responsibilities when you use the internet, including any content which you publish online or by email. It also confirms steps we may take to ensure and monitor compliance with this policy as well as setting out our responsibilities to comply with directions from regulatory and other law enforcement bodies. INFORMATION ABOUT PRICING

Minimum monthly charge

\$70 per month (or \$50 per month when bundled with an eligible mobile plan).

Cancellation fees

The maximum cancellation fee is **\$262** on a 24 month contract and **\$154** on a 12 month contract. The fee will decrease during your contract term. If you cancel your plan you'll also have to pay any remaining payments for your modem if you have chosen a repayment option. If you receive a monthly device credit, you will no longer be entitled to the credit and you'll have to pay the remaining modem payments in full. There are no cancellation fees for the month-to-month plan.

Data Usage

Data will be counted in kilobytes, and includes both uploads and downloads. The cost of 1MB of data within your Included Data Allowance is **\$0.0014/MB**. If you use more than your included data during your billing month we'll automatically give you another 10GB for \$10. Each time you use all of your data inclusion we'll give you another 10GB for \$10, up to a maximum of 50GB additional data on one account per month. Once your data usage reaches 100GB, the service will be slowed to 256Kbps until your next bill cycle.

OTHER INFORMATION

Tracking your spend

We'll provide you with email usage alerts once you've reached approximately:

- > 50%, 85% and 100% of your Included Data
- > 85% and 100% of your Additional Data

You can also monitor your unbilled usage with these options:

- > Visit My Account at optus.com.au/myaccount

For more information about usage alerts, see optus.com.au/alerts

Relocating to another service address

If you relocate to another service address you should contact us to discuss your options for continuing to access the service at your new address, as the service may not be available at your new address at all, or you may need to access a broadband service via a different access method. To check your serviceability at your new address, visit optus.com.au/homewireless

If you relocate we may change the access method for your broadband service for the remainder of your minimum term and move you to:

- > A new plan that is reasonably comparable with your current plan; or
- > An alternative plan, but only if we take reasonable steps to address any detrimental impact that the change may have on you that is not minor.

If we change your access method, you must provide all reasonable assistance to enable the change to be implemented, including access to your premises and equipment.

Paper invoice fee

A **\$2.20** fee will be charged each month if you choose to receive a paper bill. To see your bills online, or request email billing go to optus.com.au/myaccount

Payment processing fee

If you don't pay by direct debit (bank account or credit card) or BPay savings, a payment processing fee will apply. For details go to optus.com.au/payments

Late Payment fee

If you don't pay your bill by its due date we may charge you a late fee. For more information please see the Optus Standard Form of Agreement.

Non-Direct Debit fee

A **\$2.20** fee will be charged each month if you choose not to pay your service by direct debit.

Note: Either the Non-Direct Debit or Paper invoice fee applies, not both.

To set-up direct debit go to optus.com.au/myaccount
