Data pool

If you have more than one My Plan Plus (including SIM Only), My Plan Business (including SIM only & Tech Fund), My Mobile Broadband Plus or Mobile Broadband Business plan on the same billing account, the included monthly data allowance will combine into one data pool, which will be shared by all the services on that account. Any unused data in the data pool expires at the end of each billing month.

Services that share data may have a service login to My Account which will display all service numbers contributing to or using the shared data pool on the account, and the amount each service has used.

If you don't want to share data between your services, they will need to be on separate billing accounts.

Data sharing is only available within Australia.

Bundling arrangements

You don't need to bundle this plan with any other Optus service. However, you might be able to get additional discounts if you have another Optus Service.

Mandatory goods

You need a compatible mobile internet device to use this service. If you choose to buy a device from us you may be able to pay for it in monthly repayments. This plan is only available with selected devices.

Special promotions and bolt-ons

This summary excludes any special promotions or extra value added services (bolt-ons) that may be associated with your plan or added by you after your contract commences.

Fair Go policy

The purpose of our Fair Go Policy is to ensure that all our customers can access our services, and do not use our services in a manner that we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. The Fair Go Policy also sets out your responsibilities when you use the internet, including any content which you publish online or by email. It also confirms steps we may take to ensure and monitor compliance with this policy as well as setting out our responsibilities to comply with directions from regulatory and other law enforcement bodies.

Information about pricing

Minimum monthly charge

\$20 per month.

Cancellation

If you leave your plan early, there are no plan cancellation fees. You will simply need to pay out the full remaining cost of your device, which will include any monthly device credit that Optus was going to cover. You will also need to pay the pro-rated monthly access fee for your final month and any charges incurred up until the cancellation date. This could include usage that is excluded from your plan or excess fees if you've used more than the included values.

Plan changes

You can change your plan during your contract term provided you move to a plan with a higher monthly access fee. You cannot change your plan during the contract term to a plan with the same or lower monthly access fee. If you change your plan during your contract term a fee may apply and any device repayments will remain the same.

Data usage

Data will be counted in kilobytes, and includes both uploads and downloads. The cost of 1MB of data within your Included Data Allowance is **\$0.0098/MB**. Additional data is automatically charged at \$10 for each additional 1GB of data that you use (or part thereof) once you've exceeded your included data up to a maximum of 150GB per account. If you use more than this we may continue to charge you at the same rates or restrict your data use that month.

Paper invoice fee

A **\$2.20** fee will be charged each month if you choose to receive a paper bill. To see your bills online, or request email billing go to optus.com.au/myaccount

Payment processing fee

If you don't pay by direct debit (bank account or credit card) or BPay savings, a payment processing fee will apply. For details go to optus.com.au/payments

Late payment fee

If you don't pay your bill by its due date we may charge you a late fee. For more information please see the Optus Standard Form of Agreement.
