Information about the service –

My SIM Plan \$25 Bonus (Dec 2013)

Description of the Service

The My SIM Plan \$25 Bonus (Dec 2013) is for recontracting Postpaid Mobile Services and includes the following monthly inclusions for use within Australia:

- > 300 minutes of standard national voice calls
- > Unlimited standard Text and MMS to Australian mobiles
- > 200MB of Mobile Internet Data

Minimum Term

The My SIM Plan \$25 Bonus (Dec 2013) is available on a 12 month contract.

The Minimum Total Cost is \$300 over 12 months.

How My SIM Plan works

On the My SIM Plan \$25 Bonus (Dec 2013) you will pay a \$25 monthly fee and receive a monthly base inclusion of voice minutes and data.

During the month

If you use more than your base minutes or data inclusions we'll automatically move you up and charge you for another level of minutes or data, as per the table below.

If you then use more than that level, you will automatically be moved up to and charged for the next level after that.

You'll only move up a level for the minutes or data inclusion you've used up.

For example, you make 350 minutes of standard national calls during the month. As your base inclusion is 300 minutes, this means you've gone over your base plan's talk inclusion by 50 minutes. We'll automatically move you up to the next level which is 50 extra minutes for \$10.

At the end of your billing cycle

Once your billing cycle ends, you'll automatically move back to the original inclusions and charges of your base My SIM Plan \$25 Bonus (Dec 2013) (i.e. \$25 for 300 minutes and 200MB data).

And then \$10 for each additional 100MB (or part thereof) that you use, up to a maximum of 2.1GB per month. If you use more than 20GB your service may be restricted or we may continue to charge you at these rates.
