Information about the service

Eligibility

This plan includes a \$10/mth access fee discount and is only available to customers who have activated or recontracted onto an eligible Postpaid mobile service (Primary Service) prior to signing up to this plan. To remain on this plan, both this service and the Primary Service must be active on the same billing account. If you cancel, change or move either service to a different billing account, you will become ineligible for the discount built into this plan and it will be removed without notice. You cannot recontract or rate plan change onto this plan. A limit of 5 additional services applies for each eligible Primary Service. This plan is not available for use with any other mobile access fee discounts and any existing mobile access fee discount may be removed when taking up this offer.

Minimum term

This plan has a minimum term of 12 months.

Handset

You need a compatible mobile handset. You can either:

- Bring your own handset. To check it's compatible and set up to make the most of our network, go to optus.com.au/coverage
- Purchase a handset from Optus. You can pay for it in full on your next bill or pay it off in 12 monthly repayments

Included value

Monthly inclusions are set out in the table above and included usage types are outlined below.

- **Standard national calls and text**
Included value can be used for calls, SMS and MMS in Australia to standard Australian numbers, calls to 13/1300/1800 numbers, voicemail retrievals/deposits and voicemail diversions.

Data

This plan shares data within Australia. If you have more than one eligible plan that data shares on the same billing account, the included monthly data allowance will combine into one Data Pool, which will be shared by all the eligible plans that share data on that account. If you use more than your included shared monthly data we'll automatically give you another 1GB for \$10. If you use more than 150GB on a single billing account we may continue to charge you at the same rates or restrict your data until the next billing period. Any unused data expires at the end of each billing month. If you don't want to share data between your services, they will need to be on separate billing accounts. Data is counted in kilobytes, and includes uploads and downloads.

What's not included

Your monthly calls, text and data cannot be used overseas and do not include calls to directory assistance, video calling, premium numbers or content charges. For details of those charges please refer to your pricing plan in the Postpaid Mobile standard agreement found at optus.com.au/sfoa

Special promotions and extras

This summary may not cover all special promotions or optional extras you may select. Streaming and entertainment options are available and charges may apply depending on your plan. By signing up to a streaming or entertainment option, you agree that it is subject to change at any time. We will try to give you 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Streaming or entertainment options can be cancelled at any time; you just pay for these charges until the end of that bill cycle and your plan will continue for the rest of its term.

Fair Go Policy

Our Fair Go Policy's purpose is to ensure all our customers can access our services, and don't use our services in a manner we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. It also sets out your responsibilities when you use the internet and confirms steps we may take to monitor and ensure compliance with this policy. For more information see optus.com.au/faigo

Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. If you use your mobile for things not included in your plan or exceed your monthly data allowance, you'll have to pay more than your minimum monthly charge set out in the table at the start of this summary.

Cancellation

The maximum cancellation fees are described in the table at the start of this summary. If you cancel your mobile plan, you'll also have to pay any remaining payments for your phone in full if you have chosen a repayment option and all charges incurred up until the date of cancellation.

Plan changes

You can change your plan during your contract term to another My Plan Plus 12M SIM plan provided you move to a plan with a higher monthly access fee. You cannot change your plan during the contract term to a plan with the same or lower monthly access fee. If you change your plan during your contract term you may lose any applicable access fee discount and a fee may apply. If you are paying a handset off over time, any handset repayments will remain the same.
