Information about the service

Eligibility

This plan is available to new and eligible recontracting services with selected handsets (as advertised from time to time). Available through selected channels. Existing customers cannot rate plan change to this plan. Customers cannot trade up or Flex Upgrade to this plan.

Minimum term

It's available on a 24 month contract. The minimum total cost is **\$936** over 24 months (excluding any handset repayments).

New phone trade up

This plan includes the option of New Phone Trade Up. So after 12 months on this plan, you have the option to pay a one-off fee of \$99, return your original mobile handset to Optus in good working order and purchase a new mobile handset on a new 24 month plan. You will also need to sign a separate agreement with our second hand vendor to transfer ownership of your original mobile handset. Alternatively, if you wish to keep your original mobile handset, you can simply pay out the full remaining cost of your mobile handset, including any monthly handset credit that Optus was going to cover. You are under no obligation to use the New Phone Trade Up option.

Data to share

These plans share data within Australia. If you have more than one plan that data shares on the same billing account, the included monthly data allowance will combine into one data pool, which will be shared by all the plans that share data on that account. If you use more than your included data (either on the handset or any connected handset/mobile broadband device) we'll automatically give you another 1GB for \$10. If you use more than 150GB on a single billing account we may continue to charge you at the same rates or restrict your data until next billing period. Any unused data expires at the end of each billing month. If you don't want to share data between your services, they will need to be on separate billing accounts. Data is counted in kilobytes, and includes uploads and downloads.

Bundling arrangements

You don't need to bundle this plan with any other Optus service. However, you might be able to get additional discounts if you have another Optus Service.

Special promotions and bolt-ons

This summary may not cover all special promotions or optional extras you may select. Streaming and entertainment options are available and charges may apply depending on your plan. By signing up to a streaming or entertainment option, you agree that it is subject to change at any time. We will try to give you
