

\$2 DAYS 3G READY

INFORMATION ABOUT THE SERVICE

Description of the Service

This plan provides unlimited standard national calls, SMS and MMS, data and Voicemail within Australia for a \$2 daily usage fee. You only pay the usage fee on the days you use the service. The \$2 fee is deducted from your credit when you make the first outbound standard national call, SMS or MMS, when you access Voicemail or use mobile internet data after 12:00:00am (AEST/AEDST – the time in Sydney, NSW). You are not charged on the days you do not use the service for any of these usage types.

If you recharged with \$10 and only used your service for the Plan Usage Types described above, you would have 5 \$2 Days to use. If you used your service on the first day for the above usage types and other usage types such as International Calls (see table below for list), you would get less than 5 \$2 Days as the other usage types would be deducted from your remaining \$8 credit balance.

Most common usage types are included in your daily usage fee. However, some will incur additional charges that are deducted from your available credit balance.
