Rollover	Roll over unused data up to 50GB if you recharge with any MyData Add On before expiry. For use in Australia.			Roll over unused Extras Credit Add On up to \$500 if you recharge with any Extras Credit Add On before expiry.	

NOTE: Add On value/credit will be used before your plan value. For example if you recharged 24 days ago with \$40, you've used 9.7GB of your 10GB of MyData and decide to buy a \$10 MyData Add On. You will now have 0.3GB of data left in your plan (which expires in 4 days) and 1.5GB in your MyData Add On (which expires in 7 days). Because the MyData Add On value will be used before your remaining plan data, if you don't use all the Add On (1.5GB) before your plan data expires in 4 days you will forfeit any remaining data from your plan. Add On value/credit will expire if you change your plan. MyData Add Ons can only be purchased online or through the My Optus App. You must be within your standard recharge period to redeem any MyData Add Ons.

Voucher only recharge options These recharges are only available for purchase by voucher in participating retail stores.
