Add On	\$10 MyData	\$20 MyData	\$10 Extras Credit	\$20 Extras Credit
Included Value	1.5GB	3.5GB	\$10 Extras Credit for international calls and SMS/MMS, roaming and selected premium SMS services.	\$20 Extras Credit for international calls and SMS/MMS, roaming and selected premium SMS services.
Expiry	7 days (or on next MyData Add On purchase, whichever is earlier).		14 days Any unused Add On value will roll over if you recharge with the same Add On before credit expiry.	28 days Any unused Add On value will roll over if you recharge with the same Add On before credit expiry.

NOTE: Add On value/credit will be used before your plan value. For example if you recharged 24 days ago with \$40, you've used 6.7GB of your 7GB of data and decide to buy a \$10 My Data Add On. You will now have 300MB of data left in your plan (which expires in 4 days) and 1.5GB in your My Data Add On (which expires in 7 days). Because the MyData Add On value will be used before your remaining plan data, if you don't use all the Add On (1.5GB) before your plan data expires in 4 days you will forfeit any remaining data from your plan. Add On value/credit will expire if you change your plan. My Data Add Ons can only be purchased online or through the My Optus app. You must be within your standard recharge period to redeem any My Data Add Ons.
