Optus Phone availability

Optus phone services are not available in all areas or premises. The phone service offered will be determined by what is available at your location. You must preselect Optus as both your local and long-distance carrier. There may also be technical or commercial reasons that affect our ability to connect a service at your address. To check your serviceability, visit optus.com.au/shop/home-phone/plans

Minimum term

These are month-to-month plans.

Mobile calls

On the Phone Lite plan, a standard national call to any Australian mobile for 2 minutes including flagfall would cost \$1.08.

Equipment needs

You need a compatible telephone handset to use these plans. **Please let us know if you use equipment such as disability or medical services or a back-to-base alarm. Some equipment may require an alternative service or additional equipment. We will tell you if we are not able to support the equipment.** If you have received delivery of your Optus self-installation kit and you do not self-install your Optus equipment within five working days of your Optus nbn™ connection date, we will automatically activate your connection and begin billing you. If you are transferring existing services to Optus nbn™, this may result in the disconnection of those services. If you require assistance to connect, contact us at optus.com.au/notices/service-chat

Exclusions and conditions

For Phone Everyday 10, 'Unlimited' calls to standard national numbers, Australian mobiles and national fixed lines exclude special numbers such as 13/1300 numbers, premium numbers (e.g. 1900 numbers), 1234, 12456 and calls to satellite or international numbers.

Special Promotions and Value Added services

This summary doesn't include any special promotions or extra value added services (bolt-ons) that you select whilst you have these plans.

Entertainment options may be available and charges may apply depending on your plan. By signing up to an entertainment option, you agree that it is subject to change at any time. We will try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Entertainment options can be cancelled at any time; you just pay for these charges until the end of that billing month.

Our Fair Go Policy applies to this plan. Its purpose is to ensure that all our customers can access our services, and do not use our services in a manner that we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. It confirms steps we may take to ensure and monitor compliance with this policy, as well as setting out our responsibilities to comply with directions from regulatory and other law enforcement bodies. You can find the policy at optus.com.au/fairgo

Changing the access method

We may change the access method for your service for the remainder of your minimum term and move you to:

- A new plan that is reasonably comparable with your current plan; or
- An alternative plan, but only if we take reasonable steps to address any detrimental impact that the change may have on you that is not minor.

If we change your access method, you must provide all reasonable assistance to enable the change to be implemented, including access to your premises and equipment. If we are upgrading you to Optus **nbn**™, by entering into this agreement you are giving your consent for NBN Co. to install their equipment required to connect you to their network. Unless otherwise agreed with you, we will not charge you for installing or equipment we supply to you to use with the changed access method. Alternatively, we may ask you to change your access method during your minimum term even if the change may have a detrimental impact on you that is more than minor.

If you refuse our request, we may cancel the service by giving you at least 90 days' notice. If the service is cancelled, you will be liable for charges incurred up to cancellation, but you will not be liable for any cancellation fee or outstanding equipment charges. We will contact you to discuss the details of any changes we plan to make to your access method prior to making the change.
