Eligibility

This plan is only available to eligible customers. Selected customers may be eligible to take up this plan without an associated 12, 24 or 36-month device payment plan.

Devices

Unless specified otherwise, you must buy an eligible connected device on a device payment plan and pay for it over a selected term by monthly instalments. You will need to remain on your Optus Choice Plus Watch Plan or other eligible plan for the term of your device payment plan. If you cancel your plan or move to an ineligible plan, your related device payment plan will also be cancelled. You'll need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited.

Monthly data to share

This plan shares data within Australia. If you have more than one eligible plan that data shares on the same account, the included monthly data allowance will combine into one Data Sharing pool, which will be shared by all the eligible plans that share data on that account.

Data associated on this plan can be used by the wearable device where you have an eligible Optus mobile service with Number Share activated.

If you do not have an additional eligible Optus mobile service with Number Share activated (or if you so choose) your SIM can be used in a separate SIM enabled device.

If you use more than your included data, data usage on this plan and all services that share data with this plan will be slowed to a maximum of 1.5Mbps until the start of your next payment cycle, unless you purchase extra data. Slowed data speeds (maximum of 1.5Mbps) are suitable for general internet browsing and music streaming, however, some activities such as video streaming may see increased buffering and loading times.

Any unused data expires at the end of each payment cycle. If you don't want to share data between your services, they will need to be on separate accounts. Data is counted in kilobytes, and includes uploads and downloads.

What's not included

This plan does not enable you to make standard national or international calls, send standard national and international SMS/MMS or make use of premium mobile services. You also cannot use your plan's included data whilst overseas.

Special Promotions and Extras

This summary doesn't include information on special promotions or optional extra services (bolt-ons/add-ons) that you may access with this plan. Charges may apply to optional extras, including entertainment services. By signing up to an optional extra, you agree that it is subject to change. We'll try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Optional extras can be cancelled at any time; you just need to pay for any charges until the end of their payment cycle.

Fair Go Policy

You must comply with our Fair Go Policy and not use your service in a way that is unreasonable, unacceptable or fraudulent, including by causing significant congestion to our network. We may take steps to monitor and ensure compliance with this policy, including by suspending or cancelling your service. For more information see optus.com.au/fairgo
