Eligibility

These plans are only available to eligible customers.

Devices

You need a compatible mobile phone device to use with these plans.

You may bring your own compatible device, or buy a compatible device from us with these plans on a device payment plan and pay for it over a selected term by interest free monthly payments. You'll need to remain on an eligible plan for the term of your device payment plan. If your device payment plan is cancelled, you'll need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited.

What's included

Monthly inclusions set out in the table above and included usage types are outlined below:

- **Standard national talk & text**
Included value can be used for calls, SMS and MMS in Australia to standard Australian numbers, calls to 13/1300/1800 numbers, voicemail retrievals/deposits and voicemail diversions.
- **Standard international talk & text from Australia**
If you have the \$55, \$65 or \$85 plan, included calls, SMS and MMS can be used to standard numbers to the following destinations: Brazil, Brunei, Cambodia, Canada, mainland China, Colombia, Denmark, France, Germany, Greece, Hong Kong, Hungary, India, Indonesia, Ireland, Israel, Italy, Japan, Laos, Lebanon, Malaysia, Malta, Mexico, New Zealand, Norway, Poland, Romania, Singapore, South Korea, Sweden, Taiwan, Thailand, UK, USA and Vietnam (Selected Destinations).
- **Monthly data to share**
These plans share data within Australia. If you have more than one eligible plan that data shares on the same account, the included monthly data allowance will combine into one data sharing pool, which will be shared by all the eligible plans that share data on that account. If you use more than your included data, data usage on these plans and all services that share data with these plans will be slowed to a maximum of 1.5Mbps until the start of your next payment cycle, unless you purchase extra data. Slowed data speeds (maximum of 1.5Mbps) are suitable for general internet browsing and music streaming, however some activities such as video streaming may see increased buffering and loading times.
Any unused data expires at the end of each payment cycle. If you don't want to share data between your services, they will need to be on separate accounts. Data is counted in kilobytes, and includes uploads and downloads.

What's not included

Your monthly standard national calls, text and data cannot be used overseas and do not include calls to directory assistance, video calling, premium numbers or content charges. For details of those charges please refer to your pricing plan in the Mobile standard agreement found at optus.com.au/sfoa

If you have the \$45 plan, you cannot make outbound calls or send SMS/MMS to international numbers.

If you have the \$55, \$65 or \$85 plan, you can only use your included international calls and SMS/MMS to Selected Destinations. You cannot make outbound international calls or send international SMS/MMS to any destinations not included in the Selected Destinations (listed above).

You cannot make use of mobile premium services on these plans.

Special promotions and extras

This summary doesn't include information on special promotions or optional extra services (bolt-ons/add-ons) that you may access with these plans. Charges may apply to optional extras, including entertainment services. By signing up to an optional extra, you agree that it is subject to change. We'll try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Optional extras can be cancelled at any time; you just need to pay for any charges until the end of their payment cycle.

Fair Go Policy

You must comply with our Fair Go Policy and not use your service in a way that is unreasonable, unacceptable or fraudulent, including by causing significant congestion to our network. We may take steps to monitor and ensure compliance with this policy, including by suspending or cancelling your service. For more information see optus.com.au/fairgo

Information about pricing

How are payments made?

You must set up automatic pay via a credit, debit or charge card as your payment method for these plans. You will need to agree to the Optus automatic payment (direct debit) service terms (found at optus.com.au/about/legal/direct-debit-payments). If you remove your automatic payment method, we may cancel your service. For further details visit optus.com.au/paymentssetup

When are payments made?

You will be automatically charged via your selected credit, debit or charge card in advance at the start of each payment cycle for recurring charges. We will not issue you with a monthly bill. This means that you may not be given at least 10 working days to check your account balance before payment. You can view your payments and payment method at any time in My Optus app or by visiting MyAccount at optus.com.au/myaccount
