Eligibility

Optus Choice Build plans are available to new and recontracting services. Eligible customers may change rate plans to this plan.

Bringing your own device

You may bring your own device to use with this plan.

Device payment plan

You can buy an eligible device on a device payment plan and pay for it over a selected term by monthly instalments. You will need to remain on your Optus Choice Build or other eligible plan for the term of your device payment plan. If you cancel your plan or move to an ineligible plan, your related device payment plan will also be cancelled. You'll need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited.

New Phone Trade Up

If you add a 24 or 36-month device payment plan to this plan, in the last 12 months of the device payment plan you can upgrade early to a new eligible device on a new device payment plan. Just pay the \$149 Trade Up fee, return your original device to Optus in good working order and sign up to your new 24 or 36-month device payment plan. You may also need to sign a separate agreement with our second hand vendor to transfer ownership of your original device.

Included value

Monthly inclusions set out in the table above and included usage types are outlined below:

- Standard national talk & text**
Included value can be used for calls, SMS and MMS in Australia to standard Australian numbers, calls to 13/1300/1800 numbers, voicemail retrievals/deposits and voicemail diversions.

- Monthly data to share**

This plan shares data within Australia. If you have more than one plan that data shares on the same billing account, the included monthly data allowance will combine into one Data Sharing pool, which will be shared by all the plans that share data on that account. If you use more than your included data, this plan and all services that share data with this plan will be slowed to a maximum of 1.5Mbps until the start of your next billing period, unless you purchase extra data. Any unused data expires at the end of each billing month. If you don't want to share data between your services, they will need to be on separate billing accounts. Data is counted in kilobytes, and includes uploads and downloads.

- Standard international talk & text from Australia**

If you choose to add a standard international talk & text option, the included calls, SMS and MMS can be used to standard numbers to the following destinations: Brazil, Brunei, Cambodia, Canada, mainland China, Colombia, Denmark, France, Germany, Greece, Hong Kong, Hungary, India, Indonesia, Ireland, Israel, Italy, Japan, Laos, Lebanon, Malaysia, Malta, Mexico, New Zealand, Norway, Poland, Romania, Singapore, South Korea, Sweden, Taiwan, Thailand, UK, USA, Vietnam (Selected Destinations).

- International roaming, calls, text and data**

If you choose to add an international roaming option, you can use the included roaming value while overseas for calls to standard national and international numbers and SMS (excludes MMS), as well as your amount of roaming data for use in Zone 1 destinations. Eligible destinations are subject to change, see current list at optus.com.au/zone1. See section 'Using your service overseas' for additional information.

What's not included

Your monthly included calls, text and data cannot be used overseas and do not include calls to directory assistance, video calling, premium numbers or content charges. For details of those charges, please refer to your pricing plan in the Postpaid Mobile standard agreement found at optus.com.au/sfoa

If you select an international talk & text option, these can only be used to Selected Destinations. Calls and SMS/MMS outside of your inclusions or to other destinations will be charged at standard international PAYG rates. See optus.com.au/international for rates.

If you select roaming options, they can only be used in Zone 1 destinations (subject to change) and once you have exceeded any inclusions you will be charged at standard international roaming rates unless you purchase a travel option (note, these are only available for eligible destinations). See optus.com.au/roam for information on eligible destinations, roaming, call and data rates, tips on how to control your spend and details on our travel options.

You can bar the use of mobile premium services at any time, free of charge. For more information and guidance on how to limit or bar your service from mobile premium services, go to optus.com.au/premiumsms

Special promotions and extras

This summary may not cover all special promotions or optional extras you may select. Optional extras may be available and charges may apply depending on your plan. By signing up to an optional extra, you agree that it is subject to change at any time. We will try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Optional extras can be cancelled at any time; you just pay for these charges until the end of that billing month.

Fair Go Policy

Our Fair Go Policy applies to this plan. Its purpose is to ensure all our customers can access our services, and don't use our services in a manner we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. It also sets out your responsibilities when you use your data and confirms steps we may take to monitor and ensure compliance with this policy. For more information, see optus.com.au/fairgo

Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. If you use your device for services not included in your plan or exceed your monthly allowances, you'll have to pay more than your minimum monthly charge set out in the table at the start of this summary.

Monthly charges are paid in advance and any charges not included in your plan will appear on your next bill after they are incurred.

Cancellation

You can cancel your plan at any time with no cancellation fee. You'll need to pay all charges and fees, inclusive of charges outside of your plan inclusions (including for services or accessories), incurred up to the end of the bill cycle in which the service was cancelled. However, if you have a related device payment plan this will also be cancelled. You will need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited. This is subject to your Australian Consumer Law rights.

Plan changes

You can change to another eligible month-to-month plan once per billing period. If you change your plan and you also have a related device payment plan, your device payment plan will remain in place and your device payments will remain the same. You may lose your existing add-ons and/or options if you change to a plan that is not eligible for these add-ons and/or options, and these will still be charged in full for your current billing period.

We may make changes to your plan, options and add-ons. This could include moving you to a new plan, option or add-on which may cost more. If we increase your plan price or add-on fees (additional data, international talk & text or roaming), decrease your data inclusion or move you to a new plan, we will give you at least 30 days' notice of these changes. If you don't like the changes, you can choose a new plan (once per billing period) or cancel your plan (see Cancellations above). For any other changes we make to your plan that we reasonably believe may adversely impact on you, we will give you reasonable notice of those changes.

Option changes

You can make changes to your international talk & text and roaming options at any time. When adding a new option, you can choose for it to be applied immediately or at the start of your next billing period. If you choose for it to be applied immediately, you will receive the new inclusions straight away and will see the option on your next bill. You will lose your existing option if your new option is not compatible with your old option. Option charges are billed a month in advance and will continue each billing period until removed from your service.

Billing

- **Paper invoice fee**
You'll be charged **\$2.20** each month if you choose to receive a paper bill. To see your bills online, or request email billing, go to optus.com.au/myaccount
- **Payment processing fee**
If you don't pay by direct debit (bank account or credit card) or BPay savings, a payment processing fee will apply. For details, go to optus.com.au/payments
- **Late payment fee**
If you don't pay your bill by its due date, we may charge you a late payment fee. For more information, please see optus.com.au/standardagreements

Other information

Tracking your spend

We'll provide you with usage alerts:

- Once you've reached approximately 50%, 85% and 100% of your included data (for use in Australia);
- Once you've reached approximately 50%, 85% and 100% of your international roaming data; and
- Each time you incur charges of \$50 (incl. GST) on services that aren't part of your plan's inclusions.

You can choose your preferred method of receiving usage alerts and service notifications by visiting My Account at optus.com.au/myaccount

You can monitor your unbilled usage by:

- Downloading the My Optus App from optus.com.au/MyOptusApp
- Visiting My Account at optus.com.au/myaccount

For more information about usage alerts and how to control your spend see optus.com.au/for-you/support/answer?id=1450

Using your service overseas

You cannot use your plan's standard calls, text and data inclusions if you are overseas. To use your mobile phone when you're overseas, you need to activate roaming if it's not already on. Check your roaming settings and turn roaming on/off using the My Optus App or My Account.

If you choose to add an international roaming option to your plan, you can only use your international roaming inclusions in selected Zone 1 destinations (subject to change). If you are not in a Zone 1 destination, exceed the data limit or you do not add an international roaming option, you will be charged at standard international roaming rates unless you purchase a travel option (note, these are only available for eligible destinations).

To avoid surprises, see optus.com.au/roam for information on eligible destinations, roaming, call and data rates, tips on how to control your spend and details on our travel options.

Customer Service

You can use the My Optus App on your mobile to pay a bill, check your account balance and usage, chat to customer care and more. Download the My Optus App from optus.com.au/MyOptusApp

Customer complaints

You can contact our complaint resolution area by calling us on **133 937** for consumer customers or **133 343** for small business customers. We encourage you to contact us first so that we can try to resolve your complaint straight away.

If you're not happy with the outcome, you may also contact the Telecommunications Industry Ombudsman on **1800 062 058**.
