Minimum term

This is a 24-month contract plan.

Device payment plan

You need a compatible device to use with this plan.

Depending on the eligibility in your selected channel, you may be given the opportunity to buy an eligible device on a device payment plan and pay for it over a selected term by monthly instalments. If you cancel your plan or move to an ineligible plan, your related device payment plan will be cancelled. You'll need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited.

New Tablet Trade Up

If you add a 24-month device payment plan to this plan, in the last 12 months of the device payment plan, you can upgrade early to a new eligible device on a new device payment plan with a new SIM plan. Just pay the \$149 Trade Up fee, return your original device to Optus in good working order and sign up to your new 24-month device payment plan and a new SIM plan. (This plan may not be available in store and you may have to take up a different in market plan as your new SIM plan). You may also need to sign a separate agreement with our second hand vendor to transfer ownership of your original device.

Monthly data to share

Monthly data inclusion is set out in the table above.

This plan shares data within Australia. If you have more than one plan that data shares on the same billing account, the included monthly data allowance will combine into one Data Sharing pool, which will be shared by all the plans that share data on that account. If you use more than your included data (either on your device or any connected device) we'll automatically give you another 1GB for \$10.

If you use more than an extra 150GB on a single billing account we may continue to charge you at the same rates, restrict your data or slow your speed to 256Kbps until the next billing period. Data expires at the end of each billing month.

If you don't want to share data between your services, they will need to be on separate billing accounts. Data is counted in kilobytes, and includes uploads and downloads.

What's not included

This plan does not include an allowance for standard national and international SMS and MMS. You also cannot use your plan's included data whilst overseas.

If you send SMS/MMS with the plan from a compatible device the following PAYG rates apply:

- 10c per standard national SMS or MMS sent to numbers in Australia
- 50c per SMS sent to international numbers from Australia
- 75c per MMS sent to international numbers from Australia

For further details of charges please refer to your pricing plan in the Mobile Internet standard agreement found at optus.com.au/sfoa

Special promotions and extras

This summary may not cover all special promotions or optional extras you may select. Optional extras may be available and charges may apply depending on your plan. By signing up to an optional extra, you agree that it is subject to change at any time. We will try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Optional extras can be cancelled at any time; you just pay for these charges until the end of that bill cycle and your plan will continue for the rest of its term.

Fair Go Policy

Our Fair Go Policy applies to this plan. Its purpose is to ensure all our customers can access our services, and don't use our services in a manner we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. If you use your device for things not included in your plan or exceed your monthly data allowance, you'll have to pay more than your minimum monthly charge set out in the table at the start of this summary.

Monthly charges are paid in advance and any charges not included in your plan will appear on your next bill after they are incurred.

Cancellation

The maximum cancellation fee is described in the table at the start of this summary and will reduce each month of your contract term. Your cancellation fee will be \$17.50 x months remaining in your minimum term. If you cancel your mobile broadband plan, you'll also have to pay all charges incurred up to the end of the bill cycle in which the service was cancelled. If you have a related device payment plan this will also be cancelled. You will need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited. This is subject to your Australian Consumer Law rights.
