Service and plan availability

Optus Broadband services are not available in all areas or to all premises. The broadband service offered will be determined by what is available at your location. Optus Broadband services are only available at premises which can be physically connected to the Optus Network (and in the case of Optus nbn, where connection will be possible within three months based on rollout information provided by the nbn which is subject to change). There may be technical or commercial reasons that affect our ability to connect a service at your address. Until Optus successfully installs your service we cannot guarantee that the service can be installed at your address. To check your serviceability and find out what kind of Optus Broadband is available at your address visit optus.com.au/serviceabilitycheck

Equipment needs and Device Payment Plans

You need a compatible broadband modem to use this service. The modem must be an Optus approved device. If you are a new Optus Broadband customer, we will provide you with a WiFi modem on a Device Payment Plan. You will also be supplied with an Optus Ultra WiFi Booster on a Device Payment Plan. The cost of the modem and first booster will be \$0 if you remain connected for 36 months as part of the Device Payment Plans (during which your device repayments will be reduced by a prorated, monthly credit). You may purchase up to 2 additional Optus Ultra WiFi Boosters which can be paid outright or over time on a Device Payment Plan term of 12, 24 or 36 months (as selected by you). There is no monthly device credit applicable to additional boosters.

Service limitations

This service may not be suitable if you have a serious illness or condition and require an uninterrupted service. Some equipment like back-to-base and medical alarms and other devices may not be compatible with the nbn or 4G backup service and are not tested by us or supported on Optus nbn. You should contact your device supplier to find out if your device will work before connecting to the nbn network.

Accessibility

For information about products and services we offer for customers with different disabilities, please see optus.com.au/about/inclusion-diversity/differing-abilities/disability-services

System requirements

To use the Optus Broadband service you need to ensure your device is compatible. Please see optus.com.au/systemcompatible

Optus WiFi Secure™

This plan includes an Optus WiFi Secure month-to-month subscription at no additional charge. You may remove or add it as you wish. Optus WiFi Secure will only work if you have a compatible Optus supplied modem. You must always use the compatible modem we provide to you to ensure that the service continues to work.

Installation

Optus reserves the right to charge for non-standard installations. You must obtain permission from the owner of the property, if that's not you, to have Optus Broadband installed, and have someone over 18 years of age in attendance at the appointment. If you're in a new development and not already connected to the nbn, NBN Co may charge \$300 to connect your premises to the nbn. If applicable, we will bill that charge to you.

You may need two technicians (one Optus, one nbn) to install the service. If applicable, we will send you an Optus self-installation kit. Installation fees may apply if you request a technician installation where a self-install option is available. If you require assistance to connect, contact us at yesopt.us/chat2us

Optus is required by law to confirm your nbn service is working. We may not be able to confirm this if you do not use the modem that Optus supplies you. You'll need to tell Optus of any issues you have with your nbn service before we can rectify them. Billing will be activated once we confirm your nbn broadband service is operational.

nbn FTTC and HFC: If you are an Optus nbn FTTC or HFC customer and fail to plug in the equipment within the specified timeframes, NBN Co may cancel your order.

nbn™ speed

For customers connecting to this plan on the nbn the default speed included is 'Premium Evening Speed'. Changing to a higher speed pack is available for this plan. Subject to line speed capability. Information about nbn speeds is available at optus.com.au/shop/broadband/home-broadband/nbn-speed-packs FTTN, FTTB and FTTC maximum line speeds will be confirmed after activation.

Typical Evening Speeds/Typical Busy Period Speeds are based on customer averages and are not a guaranteed minimum.

More about broadband speeds

There is a wide range of things that can impact the internet speeds you actually experience, and this can vary greatly between different homes. For more info, go to optus.com.au/broadband-nbn/home-broadband/internet-speeds

Optus Sport

This plan includes an Optus Sport subscription at no additional charge. Optus Sport is for personal viewing in Australia only. Content and features vary by device and are subject to change without notice. Sport coverage is available as long as Optus has the rights. We may cancel or withdraw Optus Sport at any time with 21 days' notice.

Fair Go Policy

Our Fair Go Policy applies to this plan and related services. Its purpose is to ensure all our customers can access our services, and do not use our services in a manner that we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. The policy also sets out your responsibilities when you use your data, including any content which you publish online or by email. It also confirms steps we may take to ensure and monitor compliance with this policy, as well as setting out our responsibilities to comply with directions from regulatory and other law enforcement bodies. You can find the policy at optus.com.au/fairgo

Special Promotions and Value Added services

This summary doesn't include any special promotions or extra value added services (bolt-ons/add-ons) that you select whilst you have this plan.

Entertainment options may be available and charges may apply depending on your plan. By signing up to an entertainment option, you agree that it is subject to change at any time. We will try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Entertainment options can be cancelled at any time; you just pay for these charges until the end of that billing month.

Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. Monthly charges are paid in advance and any charges not included in your plan will appear on your next bill after they are incurred.

Introductory Offer

Customers who sign up, recontract or change plans to this plan will pay \$99/mth for the first 6 months and then pay the standard in-market plan fee (currently \$109/mth) thereafter. Available to consumer and business customers with a valid ABN/ACN only. Not available with any other offer unless specified. Discount is forfeited if customer recontracts, changes or cancels their nbn plan. Minimum total cost is \$567.

Cancellation

You can cancel your plan at any time with no plan cancellation fee. You'll need to pay all charges and fees, inclusive of charges outside of your plan inclusions (including for services, devices or accessories), incurred up to the end of the bill cycle in which the service was cancelled (unless otherwise specified). Any related Device Payment Plan will also be cancelled and you'll need to pay out any remaining device payments in full and any applicable device credits or discounts will be forfeited. This is subject to your Australian Consumer Law rights.

Plan changes

You can change your plan to an eligible Fixed Broadband plan (if available) once per billing month. If you have an Optus email address and change from a Fixed Broadband plan to a stand-alone Fixed Phone plan, your Optus email address will be disconnected as a result. Contact Customer Service if you would like further information.

Charges

We recommend that you select Direct Debit as your payment method to avoid any additional payment charges. The below table outlines additional charges that may apply when paying your bill. For more details on methods to pay your bill visit optus.com.au/payments

Relocation fees may apply depending on circumstances, e.g. Truck roll.

Other information

Changing your access method

We may change the access method for your service for the remainder of your minimum term and move you to:

- A new plan that is reasonably comparable with your current plan; or
- An alternative plan, but only if we take reasonable steps to address any detrimental impact that the change may have on you that is not minor.

If we change your access method, you must provide all reasonable assistance to enable the change to be implemented, including access to your premises and equipment. If we are upgrading you to Optus nbn, by entering into this agreement you are giving your consent for NBN Co to install their equipment required to connect you to their network. Unless otherwise agreed with you, we will not charge you for installing or equipment we supply to you to use with the changed access method. Alternatively, we may ask you to change your access method during your minimum term even if the change may have a detrimental impact on you that is more than minor. If you refuse our request, we may cancel the service by giving you at least 90 days' notice. If the service is cancelled, you will be liable for charges incurred up to cancellation, but you will not be liable for any cancellation fee or outstanding equipment charges. We will contact you to discuss the details of any changes we plan to make to your access method prior to making the change.

Optus Phone availability

Optus phone services are not available in all areas or premises. The phone service offered will be determined by what is available at your location. You must preselect Optus as both your local and long-distance carrier. There may also be technical or commercial reasons that affect our ability to connect a service at your address. To check your serviceability, visit optus.com.au/shop/home-phone/plans

Minimum term

These are month-to-month plans.

Mobile calls

On the Phone Lite plan, a standard national call to any Australian mobile for 2 minutes including flagfall would cost \$1.08.

Equipment needs

You need a compatible telephone handset to use these plans. This service may not be suitable if you have a serious illness or condition and require an uninterrupted telephone line on an uninterrupted power supply. Some equipment like back-to-base and medical alarms and other devices may not be compatible with the service. You should contact your device supplier to find out if your device will work before connecting to the nbn network.

For information about products and services we offer for customers with different disabilities, please see optus.com.au/about/inclusion-diversity/differing-abilities/disability-services

If you are transferring existing services to Optus nbn, this may result in the disconnection of those services. If you require assistance to connect, contact us at optus.com.au/notices/service-chat

Exclusions and conditions

For Phone Everyday 10, 'Unlimited' calls to standard national numbers, Australian mobiles and national fixed lines exclude special numbers such as 13/1300 numbers, premium numbers (e.g. 1900 numbers), 1234, 12456 and calls to satellite or international numbers.

Special Promotions and Value Added services

This summary doesn't include any special promotions or extra value added services (bolt-ons) that you select whilst you have these plans.

Entertainment options may be available and charges may apply depending on your plan. By signing up to an entertainment option, you agree that it is subject to change at any time. We will try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Entertainment options can be cancelled at any time; you just pay for these charges until the end of that billing month.
