Device

You need a compatible mobile broadband device to use with this plan.

Monthly data

This plan includes a data amount as specified in the table above for use in Australia. This plan does not share data with any other Optus mobile or mobile broadband plan. If you use more than your included data, data usage on this plan will be slowed to a maximum of 1.5Mbps until the start of your next payment cycle, unless you purchase extra data. Slowed data speeds (maximum of 1.5Mbps) are suitable for general internet browsing and music streaming, however, some activities such as video streaming may see increased buffering and loading times. Any unused data expires at the end of each payment cycle. Data is counted in kilobytes, and includes uploads and downloads.

Network access

As listed in the table above, you can only access our 3G and 4G networks on this plan. Your network access may change if you change rate plans, for example you may become eligible for 5G network access (dependent on your plan, handset compatibility and coverage availability). 5G is available in selected areas (excl. NT and Tas). To check coverage visit optus.com.au/coverage

What's not included

This plan does not include an allowance for standard national and international SMS and MMS. You also cannot use your plan's included data whilst overseas. If you send SMS/MMS with this plan from a compatible device the following PAYG rates apply:

- 10c per standard national SMS or MMS sent to numbers in Australia
- 50c per SMS sent to international numbers from Australia
- 75c per MMS sent to international numbers from Australia

For further details of charges please refer to your pricing plan in the Mobile Internet standard agreement found at optus.com.au/sfoa

You can bar the use of mobile premium services at any time, free of charge. For more information and guidance on how to limit or bar your service from mobile premium services, go to optus.com.au/premiumsms

Special Promotions and Extras

This summary doesn't include information on special promotions or optional extra services (bolt-ons/add-ons) that you may access with these plans. Charges may apply to optional extras, including entertainment services. By signing up to an optional extra, you agree that it is subject to change. We'll try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Optional extras can be cancelled at any time; you just need to pay for any charges until the end of your payment cycle.

Fair Go Policy

You must comply with our Fair Go Policy and not use your service in a way that is unreasonable, unacceptable or fraudulent, including by causing significant congestion to our network. We may take steps to monitor and ensure compliance with this policy, including by suspending or cancelling your service. For more information see optus.com.au/fairgo

Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. If you use your device for services not included in your plan, you'll have to pay more than your minimum monthly charge set out in the table at the start of this summary. If you exceed your monthly allowances, you may have to pay more than your minimum monthly charge set out in the table at the start of this summary or the speed of your service may be restricted.

Monthly charges are paid in advance and any charges not included in your plan will appear on your next bill after they are incurred.

Changing your plan
