\$95 Big Bundle – 24-month Contract

(Optus Cable, nbn™ or Optus Direct Service Networks)

Information on the service

Description of the service

This bundle is for Fixed Telephone and Broadband services and may be supplied using Optus Cable, nbn™ or Optus Direct Service (LAD/ADSL 2+) networks.

This bundle includes the following monthly benefits:

- Unlimited standard calls to local and national fixed lines (excludes 13/1300 numbers)
- Unlimited calls to Optus Mobiles
- Unlimited standard calls to other Australian mobiles
- Unlimited broadband data allowance
- Unlimited International calls to 25 fixed line and 7 mobile destinations

Optus Big Bundle availability

Optus Phone and Broadband services are not available in all areas or to all premises. The broadband service offered will be determined by what is available at your location.

Optus Phone and Broadband services are only available at premises which can be physically connected to the Optus network (or, in the case of Optus nbn™, where connection will be possible within three months based on rollout information provided by the nbn™ which is subject to change).

There may be technical or commercial reasons that affect our ability to connect a service at your address. Until Optus successfully installs your service we cannot guarantee that the service can be installed at your address. To check your serviceability and find out what kind of Optus Broadband is available at your address visit optus.com.au/serviceabilitycheck

You must maintain both your Phone and Broadband services with Optus and preselect Optus as both your local and long distance carrier. If you cancel or port a service away, remaining services will become ineligible for this plan and we will move them to the closest alternative of our in-market stand-alone plans (which may be more expensive).

Minimum term

New and existing customers can only get this plan on a 24-month contract. The minimum total cost is **\$2,405** when you pay by direct debit, including a **\$125** start-up fee for new customers. If you change plans before the end of your contract term, an Early Recontract Fee of **\$80** applies and you will start a new contract term.

Equipment needs

You need a compatible telephone handset and broadband modem to use this service. The modem must be an Optus approved device. If you are a new Optus Broadband customer we will provide you with a WiFi modem at no additional cost.

Please let us know if you use equipment such as disability or medical services or a back-to-base alarm. Some equipment may require an alternative service or additional equipment. We will tell you if we are not able to support the equipment.

System requirements

To use the Optus Broadband service you need to ensure your computer is compatible. Please see optus.com.au/systemcompatible

OPTUS

Optus Fair Go Policy

The Fair Go Policy ensures that all our customers can access our services, and do not use our services in a manner that we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. The policy also sets out your responsibilities when you use the internet, including any content which you publish online or by email. It also confirms steps we may take to ensure and monitor compliance with this policy as well as setting out our responsibilities to comply with directions from regulatory and other law enforcement bodies. You can find the policy at optus.com.au/faargo

Installation

Optus reserves the right to charge for non-standard installations.

You must obtain permission from the owner of the property, if that's not you, to have Optus Broadband installed, and have

someone over 18 years of age in attendance at the appointment. Cable and Optus Direct customers may require a technician to install the service and **nbn™** customers may need two technicians (one Optus, one **nbn™**) to install the service.

By accepting the benefits of this bundled offer, the connection date for your phone that you agree to will likely be longer than the maximum time frame in the Customer Service Guarantee (CSG). Apart from this, any other rights you have under the CSG still apply. For more information, see optus.com.au/yourCSG

If you are an Optus **nbn™** customer (excluding FTTC) that has received delivery of your Optus self-installation kit and you do not self-install your Optus equipment within five working days of your Optus **nbn™** connection date, we will automatically activate your connection and begin billing you. If you are transferring existing services to Optus **nbn™**, this may result in the disconnection of those services. If you require assistance to connect, contact us at yesopt.us/chat2us

Special promotions and value added services

You may be eligible for additional discounts if you have additional Optus services. This summary doesn't include any of the discounts, special promotions or other value added services (bolt-ons) available with this plan that you may select.

Other information

Changing the access method

We may change the access method for your service for the remainder of your minimum term and move you to:

- A new plan that is reasonably comparable with your current plan; or
- An alternative plan, but only if we take reasonable steps to address any detrimental impact that the change may have on you that is not minor.

If we change your access method, you must provide all reasonable assistance to enable the change to be implemented, including access to your premises and equipment. Unless otherwise agreed with you, we will not charge you for installing or equipment we supply to you to use with the changed access method. Alternatively, we may ask you to change your access method during your minimum term even if the change may have a detrimental impact on you that is more than minor. If you refuse our request, we may cancel the service by giving you at least 90 days' notice. If the service is cancelled, you will be liable for charges incurred up to cancellation, but you will not be liable for any cancellation fee or outstanding equipment charges.

We will contact you to discuss the details of any changes we plan to make to your access method prior to making the change.

Customer Service

You can call **133 937** for assistance on your account balance, usage status, payment details and other information at any time. For other assistance and account information, see optus.com.au/customerhelp

Tracking your spend

You may be able to track your phone unbilled usage by visiting optus.com.au/myaccount. If you are unable to do this you can contact our customer service team for information on your usage status.

Customer complaints

You can contact our complaint resolution area by calling us on **133 937**. We encourage you to contact us first so that we can try to resolve your complaint straight away. If you're not happy with the outcome, you may also contact the Telecommunications Industry Ombudsman on **1800 062 058**.

Priority Assistance

We do not offer Priority Assistance. Telstra is a provider who does.
