Information on the Service

These plans are Postpaid Mobile Broadband services which include a monthly data allowance for use within Australia.

Eligibility

My Mobile Broadband Plus plans are available to new and Recontracting services. Eligible customers may rate plan change to these plans – see 'Plan Changes' section.

Minimum term

These are month-to-month plans.

Mobile broadband device

You need a compatible mobile broadband device to use with this service. You can either:

- Bring your own device. To check it's compatible and set up to make the most of our network go to optus.com.au/coverage
- Purchase a device from Optus. You can pay for it in full on your next bill or pay it off in 24 monthly repayments

Included data

Monthly data inclusions are set out in the table above.

These plans share data within Australia. If you have more than one plan that data shares on the same billing account, the included monthly data allowance will combine into one data pool, which will be shared by all the plans that share data on that account. If you use more than your included data (either on your device or any connected handset/mobile broadband device) we'll automatically give you another 1GB for \$10. If you use more than 150GB on a single billing account we may continue to charge you at the same rates, restrict your data or slow your speed to 256Kbps until the next billing period. Data expires at the end of each billing month.

If you don't want to share data between your services, they will need to be on separate billing accounts. Data is counted in kilobytes, and includes uploads and downloads.

What's not included

My Mobile Broadband Plus plans do not include an allowance for standard national and international SMS and MMS. You also cannot use your plan's included data whilst overseas. For details of charges for standard national and international SMS/MMS please refer to your pricing plan in the Postpaid Mobile Broadband standard agreement found at optus.com.au/SFOA

Special Promotions and Extras

This summary may not cover all special promotions or optional extras you may select. Streaming and entertainment options may be available and charges may apply depending on your plan. By signing up to a streaming or entertainment option, you agree that it is subject to change at any time. We will try to give you 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Streaming or entertainment options can be cancelled at any time; you just pay for these charges until the end of that bill cycle and your plan will continue for the rest of its term.

Fair Go Policy

Our Fair Go Policy's purpose is to ensure all our customers can access our services, and don't use our services in a manner we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. It also sets out your responsibilities when you use the internet and confirms steps we may take to monitor and ensure compliance with this policy. For more information see optus.com.au/fairgo

Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. If you use your device for things not included in your plan or exceed your monthly data allowance, you'll have to pay more than your minimum monthly charge set out in the table at the start of this summary.

Cancellation

There are no plan cancellation fees, however, you'll have to pay any remaining payments for your device if you have chosen a repayment option, plus all charges incurred up until the date of cancellation.

Plan changes

You can change your plan to another month-to-month My Mobile Broadband Plus or Optus Wireless Broadband plan once per month.
